## FLEET REFUELING

Roma's Total Fuel Management Service delivers substantial savings and productivity improvements through fleet refueling service direct to your location.

## WHY CHOOSE ROMA FUELS FOR FLEET REFUELING

- We provide fleet fueling service direct to your location, utilizing state-of-the-art systems and technology.
- We provide an analysis for each truck. A detailed report allowing you to understand just how efficiently your fuel resources are being consumed.
- When you have a schedule in mind you'll have your delivery on time, no excuses.

## CONSTRUCTION

When you need fleet refueling services for your sites, you'll want a proven local company you can trust.

**Roma Fuels will service your entire construction site, including the refueling of;**

- Excavators, bulldozers, front loaders, cranes, rock trucks and scrapers
- Rental equipment
- Above ground storage tanks (must meet TSSA regulations)
- Fuel cubs and mobile storage tanks
- Fuel cells and generators (TSSA approved)

## TANKS AND TRANSCUBES

Roma Fuels also provides tanks and transcubes on construction sites.

## LUBRICANTS

An experienced and qualified technical lube advisor will assist you with on-site lubrication audits, technical evaluations, problem analysis, and bulk lubrication equipment sales.

*We promise our customers peace of mind by providing top-quality lubricants that help to maintain equipment uptime and keep costs down.*

Roma Lube Ltd, a division of Roma Fuels Ltd, is an Authorized Distributor of Shell, Pennzoil and Quaker State Lubricants.
